Completed Clean Certification

All high-touch surfaces and the air, in the above area/areas, have been sanitised using an approved EN 14476:2013 + A2:2019 cleaning product.

All selected sanitisers have been tested to ensure that they do not contain any compounds considered toxic or otherwise hazardous to the operator or the environment. These products are manufactured from high-quality ingredients, many of which are derived from natural, renewable, and sustainable sources.

They are fully biodegradable and exhibit antibacterial and antiviral properties, meeting the EN 14476:2013 + A2:2019 standard for efficacy against enveloped viruses. This includes all coronaviruses, Monkeypox, and SARS-CoV-2 (the virus that causes COVID-19).

Signature:

A handwritten signature in black ink, appearing to be 'JR' or similar, written in a cursive style.
